A WORD FROM THE AUTHORS

Welcome to the first *Portrait Pavilion*, a collection of thirty-six female character illustrations ready for use in any role-playing campaign. Within this document you will find portraits of three dozen female characters, suitable for use in almost any setting or scenario. Each portrait is presented in two sizes for ease of use. Nothing gives a character that extra touch like having a likeness to show your fellow players and that's what this and the other *Portrait Pavilion* documents are there for.

Be on the lookout for *Portrait Pavilion 2: Male Characters* and *Portrait Pavilion 3: Monster PCs*, coming soon!

This document is meant for players and game masters. Print them, copy them, edit them and put them on character sheets all you want. Just don't publish them in your own RPG supplements.

If you would like to use one of our illustrations in a published piece, just contact us at Octavir8@yahoo.com. We have all the art included in this document in higher resolution formats and are able to fulfill any commissioned illustration tasks you may have.

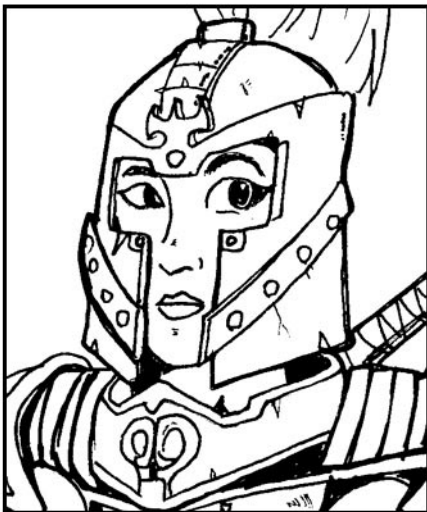

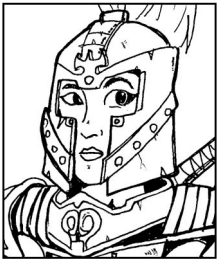

We always welcome feedback.
