

DRAGON SLAYERS

FIASCO™

DRAGON  
SLAYERS

FIASCO™

So yeah, we rode into this miserable little town, a bunch of outsiders ready to solve their problem. Solve a motherfucking dragon. Well, we solved it, and here we are, ready to kick back and split up the loot and regale these bumpkins with tales of mummy rot and devilish traps and the dragon we whacked. Of course it's never that simple. Adventurers like us all have egos, and we all have a past.
