

PLANETA DROGA

A FIASCO PLAYSET BY

RAFAEL PINHEIRO COSTA

INSPIRED BY THE BIOGRAPHY OF DANIEL
MALARD - PLANETA DROGA

WANNA SUPPORT MY BROTHER RELEASE THE 2ND EDITION OF HIS BIOGRAPHY – PLANETA DROGA.

How? Our initial idea is to put forth a crowdsourcing project as soon as possible at <http://catarse.me/pt> (the Brazilian Kickstarter). We are still looking for collaborators who could provide us some technical support to shoot the video. In this case, your help is more than needed. By the way we accept any kind of non-financial help – from collaboration to edit the text in ebook format to moral support that could bring some publicity to project.

Suggestion and critics are always more than welcome. You find me at facebook <https://www.facebook.com/rafael.p.costa.1> or by email: rafaelpta@yahoo.com

THE SCORE

 “- You broke my mother’s arm you fuck. Look what you have done. Idiot!! Inconsequent!” – I looked down at the old lady crying and I said with a humble and humiliated voice: “I am sorry ma’am. The car lost control...”

 When the plants got the the high of 2 feet tall a tragedy occurred. Two undercover cops broke in and cut them all off. That day Iracy broke down crying like a baby. I held her in my arms while I could feel her bitter condition. Then I caressed deeply her mane hair: “Iracy! Calm down babe! We shall plant them again”.

 “-Next time I see you around here I am gonna RAPE you!” – The sheriff Peixoto slapped twice our faces. No kiss could ever be sweeter than those wallops – We were free at last.”

 After that transcendent moment with God. I was sure of one thing: I had been abstinent for 8 months by freed I was from now on. (PLANETA DROGA, Daniel Malard)

PLANETA DROGA is a different kind of Fiasco playset in two ways.

Firstly, it is an homage to my brother, and is inspired by his struggle with addiction. It is also something I wrote to help get the word out about the second edition of my brother’s biography.

Secondly, this playset turns the whole concept of a Fiasco game on its head. How, you ask? Well, Fiasco is about people with ambition but poor impulse control, right? PLANETA DROGA is also about poor impulse control, but crucially, it is not about ambition.

The daily routine of an addict, a junkie if you will, is one of many small struggles. Such as being able to pull it together just enough that you can go to a family party, or convincing a loved one that you can still change, or trying to find a talent you had thought lost, or even just trying to claw back some of the time you have lost.

There are still other addicts who care less about keeping it together, and more about where the next fix is coming from, or how to grow pot inside the apartment without attracting the attention of the cops.

So, no great ambitions. But that doesn’t mean that thing can’t still go terribly wrong...

All it takes is for you to meet that old friend, still early in the morning, on the way to work, and then you find yourself in the wee hours of the night, without any money, nowhere to go, and an monstrous dark need eating you from the inside.

If Fiasco is about people without self-control and seeking to fulfill ambitions, PLANETA DROGA is all about people without ambitions and seeking self-control. And a measure of peace...

And how does that work out? That’s for you to find out. Buckle up, and have a nice journey.”
