With this chart you can quickly determine the height & weight for male Sil-Karg (Half-Hobgoblin) PCs and NPCs. This chart utilizes the English system of measurement. If you prefer to use Metric measurements use **FGM031mm: d30 Male Sil-Karg Height & Weight Table**.

Using these tables: Roll 2d30 to determine the height & weight of a male Sil-Karg. The first roll determines the height which you cross-reference with the second roll to determine the Sil-Karg's weight. Because there is a rather large height differential between the genders, female Half-Hobgoblins are covered in tables FGM031ne & FGM031nm.

With this chart you can quickly determine the height & weight for female Sil-Karg (Half-Hobgoblin) PCs and NPCs. This chart utilizes the English system of measurement. If you prefer to use Metric measurements use **FGM031nm: d30 Female Sil-Karg Height & Weight Table**.

Using these tables: Roll 2d30 to determine the height & weight of a female Sil-Karg. The first roll determines the height which you cross-reference with the second roll to determine the Sil-Karg's weight. Because there is a rather large height differential between the genders, male Half-Hobgoblins are covered in tables FGM031me & FGM031mm.

With this chart you can quickly determine the height & weight for various Pixie-Kin PCs and NPCs. This chart utilizes the English system of measurement. If you prefer to use metric measurements use **FGM031om: d30 Pixie-Kin Height & Weight Table**.

Using these tables: Roll 2d30 to determine the height & weight of a Pixie-Kin. The first roll determines the height which you cross-reference with the second roll to determine the Pixie's weight. As most Pixie-Kin (Pixie-Fairies, Pixie-Brownies, Pixie-Leprechauns, Pixie-Nixies, & Pixie-Sprites) are somewhat androgenous, there are no suggested modifications based on gender. Because Pixie-Kin are so small, the height is expressed in quarter-inch increments and the weight in the nearest tenth of a pound.

With this chart you can quickly determine the height & weight for Half-Ogre PCs and NPCs. This chart utilizes the English system of measurement. If you prefer to use Metric measurements use **FGM031pm: d30 Half-Ogre Height & Weight Table**.

Using these tables: Roll 2d30 to determine the height & weight of a Half-Ogre. The first roll determines the height which you cross-reference with the second roll to determine the Half-Ogre's weight.

Optional Adjustments for Gender: Roll 1d30-3 for the height and 1d30-1 for the weight of a female Half-Ogre

With this chart you can quickly determine the height & weight for Gnomeling PCs and NPCs. Gnomelings are a cross between Gnomes and Halflings. This chart utilizes the English system of measurement. If you prefer to use metric measurements use **FGM031re: d30 Gnomeling Height & Weight Table**.

Using these tables: Roll 2d30 to determine the height & weight of a Gnomeling. The first roll determines the height which you cross-reference with the second roll to determine the Gnomeling's weight.

Optional Adjustments for Gender: Roll 1d30+2 for the height and 1d30-2 for the weight of a female Gnomeling.
