While in Ironhide's control area, friendly Faction models gain Overtake. Additionally, when a friendly Faction model destroys one or more enemy models with a melee attack while it is in Ironhide's control area, the friendly model can make an additional melee attack. (When a model with Overtake destroys one or more enemy warrior models with a normal melee attack, after the attack is resolved this model can immediately advance up to 1".)

IRONHIDE

Tough

Snap Fire - When this model destroys one or more enemy models with a ranged attack during its combat action, immediately after that attack is resolved this model can make one normal ranged attack. Attacks gained from Snap Fire do not count against a weapon's ROF and cannot generate additional attacks from Snap Fire.

Scroll of Grindar's Perseverance - This model can use Scroll of Grindar's Perseverance once per game, when this model is directly hit by an attack. If this model uses the scroll, it suffers no damage roll from the attack. Declare use of the scroll after this model has been hit.

Talisman of Subdual - This model cannot be charged or slammed by a warbeast that began the charge or slam in this model's front arc. If a warbeast frenzies and would normally charge or slam Ironhide, it makes a full advance toward him instead.

Carried - This model is not a warrior model. It can advance only during its unit's normal movement. When it advances, it can move up to 1" for each Grunt in this unit within 2" of it at the beginning of this unit's activation. This model is automatically hit by melee attacks. It cannot be knocked down or made stationary.

Focal Point - This model's unit has no unit commander. Models in this unit within 8" of this model are in formation. If a model in this model's unit is out of formation when beginning its normal movement, it must either advance toward this model and forfeit its action or run directly toward this model. If this model is destroyed or removed from play, remove the remaining models in this unit from play.

Last Call - If this model is disabled by an enemy attack, it can immediately make a special action.

Recycle - When a living model is destroyed within 4" of this model + 1" for each Grunt in this unit that is in formation, place one corpse token on this model. This model can have up to three corpse tokens at a time.
