NOTES										

This is a modified version of the Energy Allocation Form found in Captain's Edition Basic Set. This modified form covers all of the functions used by the Cadet Training Manual. This version of the Energy Allocation Form is used for Scenarios #7 through #12 of Cadet Training Manual.

Purchasers of the Cadet Training Manual have permission from the copyright holder to make photocopies of this form, as well as the other forms and Ship Systems Displays included in Cadet Training Manual, for their own personal use and the use of their opponents. Reproduction for sale or other uses is prohibited.
