## FREQUENTLY ASKED QUESTIONS

**Q.** Presuming a minion group of 3 stormtroopers, with a wound threshold of 5 each and a soak of 5, what happens when the group is hit for 10 damage? 11 damage? 15 damage? Is soak applied by each individual member of the group? Is a member of the group defeated for each 5 wounds suffered?

**A.** Soak is applied only once, and then the remaining damage applied to the group's wound threshold. In this example, the group hit for 10 damage suffers 5 wounds. No members of the group are defeated, as the total wounds suffered has not yet exceeded an individual trooper's wound threshold. If the same group were instead struck for 11 damage, the group would suffer 6 wounds and 1 trooper would be defeated. If the same group were instead struck for 15 dam-

age, the group would suffer 10 wounds and 1 trooper would be defeated. When a trooper is defeated, the total wound threshold and wounds suffered by the minion group does not change, but the group loses the benefits of that additional minion on skill checks.

**Q.** When spending advantage and threat, can the same effect from table 2-1 or 2-2 be triggered more than once?

**A.** With the exception of the generic recovering and suffering strain item, the effects on table 2-1 and 2-2 are intended to be used only once each on a given check. The GM may, of course, ignore this restriction if it suits the narrative, or use advantage and threat for effects that do not appear on table 2-1 or 2-2.
