Foreword

Need to populate your fantasy pubs with some drunken fools, but don't have the time or want to expend the mental energy to do so? Herein, this latest instalment is 100 entries of differing customers for a tavern, inn or pub fantasy setting. Presented in our usual handy D100 format, this will help to quickly generate whole areas with an assortment of NPC patrons to add a vest of flavour to said game proceedings.

With this being the fourth in the tavern series of booklets, I'd recommend checking the rest out (of course I'm going to say that!) as these deal with other randomly generated aspects of fantasy tavern generation, tavern names, food, and beverages respectively. Also check out the other D100 titles in the series and other products our back catalogue, available from Wargame Vault, RPGnow and Drivethru RPG, plus most of all, have some fun making your taverns live! Enjoy!
