

Thank You for Joining The

THRILLING TALES

SECRET SQUADRON!

As a Secret Squadron member, you're entitled to receive each and every THRILLING TALES product released in 2005...starting January 1st, and filling your in-box with pulse-pounding pulp action every month of the year! (If your membership starts after January 1st, you'll be charged a lower rate, and only receive the products released from the date of your membership forward.)

Plus, as a bonus for Secret Squadron members, every THRILLING TALES product released in 2005 will feature a secret code message--which can only be deciphered with your very own THRILLING TALES SECRET SQUADRON DECODER, included in this Introductory Package. The secret code message will provide Secret Squadron members instructions on how to collect exclusive content, free product offers, discount coupons and more.

Keep your decoder at the ready, and a sharp eye on your in-box. You never know when pulp action will strike!

THRILLING TALES

SECRET SQUADRON DECODER

INSTRUCTIONS:

Print this page, and cut out the two parts of the decoder, below. Using a brass fastener or similar device, place the smaller part within the blank circle of the larger, making sure to align them via the red crosses in the center of both.

Secret code messages in **Thrilling Tales** products will be prefaced by a code setting--a letter followed by a number. Turn the dial so that the letter and number line up, and then use the decoder as a substitution key: each number will correspond to the letter below it.

For example: **Code O-1 -- 25-18-3-3-1** decodes as "HELLO"

FINISHED DECODER, SET TO CODE O-1
