

REFEREES ONLY

This folder contains the post-Collapse, New Era UWPs for the worlds of Diaspora Sector. Players are only allowed access to the "RCES Diaspora Sector Briefing Folder." Access to the current information contained in this post-Collapse folder can only be obtained by visiting and exploring the world in question. Names of depopulated worlds are included for convenience only; a world with no population has no official name.

Base Codes: N: Naval Base; S: Scout Base

Trade Codes: Ag: Agricultural; An: Ancients' Site; As: Asteroid; Ba: Barren; Cm: Cemetery world (a world whose original population has died off completely, the current population is all recent settlers); C:N or D:N indicates that the world was populated in part by Chirpers or Droyne; the number "N" following the colon indicates how many tenths of the world's population consisted of these races; De: Desert; Fl: Fluid oceans; Hi: High population; Ic: Ice-capped; In: Industrial; Ni: Nonindustrial; Po: Poor; Ri: Rich; Rs: Research Station (with Greek letter designation); Va: Vacuum; Wa: Water world

TPPG indicates Travel Zone, Population Multiplier, Planetoid Belts, and Gas Giants. If Travel Zone digit is empty, there is no particular meaning, as there is no surviving interstellar organization to assign travel codes to worlds. A B in this column indicates a Balkanized world, the government code in the UPP string describes the predominant government on the world.

Alliegance Codes: Na: Non-aligned, no off-planet allegiance, these worlds use the government types listed on page 188 of the TNE rulebook; Su: Covenant of Sufren; Wi: Wilds (no off-world allegiance, and perhaps no off-world contact); these worlds use the Wilds government type from page 191, TNE rulebook (in the case of government type 6: "Technologically Elevated Dictator," the world's listed tech level is that of the world as a whole; the tech level of the TED and his or her support structure is higher, up to the world's original tech level); "—" indicates no allegiance because there is no population.
