

Mini Zine folding Directions

1

Bring the two short ends of the paper together and fold in half. Crease the fold.

2

In the same direction, fold the paper in half again. Crease the fold.

3

Unfold the paper. There should be 3 strong crease lines running in parallel.

4

Bring the two long sides of the paper together and fold in half. Crease the folds.

5

Unfold the paper. The 3 parallel crease lines should now be bisected by a perpendicular crease line.

6

Refold the paper in half with the two short ends of the paper together

7

Using scissors, start at the folded edge and cut along the centre crease until you reach the intersection of the creases.

8

Unfold the paper. There should be a cut along the centre crease

9

Fold the paper in half with the two long sides together.

10

Grasping the ends of the paper, one end in each hand, gently push your hands together. The middle pages will protrude outwards, creating a cross shape.

11

Wrap the cover pages around to finish the zine.
